WEEK 13 from Monday 24th to Sunday 30th of March
Macrocycle VIII, week 1 (Training week 43)

Mon. 24th: * Act. Rec. - 50’ recovery session in a fitness centre
    Tr. 161

Tue. 25th: * Low Int.
    - 5' jogging slowly building up to 70% HR\text{max} (± 1 km)

    * Warm up - 20’ extensive warm up, mobilisation and stretching

    * Strength - 5 x 30 sit-ups, separated by 5 x 10 push-ups, in addition to
      the regular set of strength and injury prevention exercises

    * High Int.
      - Set 1
      - Referee A performs a HI run clockwise from the midline to the
        corner flag, then to the other corner flag, and finally to the other
        side of the midline. In the meantime, Referee B has to cross the
        midline by walking or jogging. He has to arrive at the other side
        when Referee A arrives. When they meet, their roles change, i.e.
        Referee B performs a HI run counter-clockwise the same
        trajectory, while Referee A recovers by walking / jogging back to
        the starting position. The second HI-run of referee A is done on the
        other side of the field so that he has to take the turns on his L-
        shoulder. All together this exercise is done 5 full laps, or 10 HI-
        runs for each of the referees.

      All together, this first run takes ± 10’ (1600 m HI running alternated
      with 600 m recovery for each referee).

      - 3’ recovery

      Set 2:
      - Perform another 5 full laps (or 10 HI-runs for each of the
        referees).

      - All together this exercise takes ± 22’
        (10’ Set 1 + 2’ recovery + 10’ Set 2)
